

Young Furniture Makers Textile Award

An Award for Excellence in British Design Furniture for Young Furniture Makers

The Worshipful Company of Furniture Makers is the Livery Company for the British Furnishing Industry. Its purpose is to enhance and support that industry and to encourage new talent into our industry. The most important way it does so is by creating a wide-ranging education programme that helps to support and nurture young talent for the future. It also does so by encouraging public recognition of excellence and innovation by the grant of this new award, the Young Furniture Makers Textile Award which recognises excellence in the design of furniture which incorporates creative and sustainable use of textiles, by the finest designer-makers in full time education.

We are very grateful to the Sanderson Design Group who have sponsored this year's Textile Award.

Criteria
